

Your little ones will race off to bed with the Turbo Car Bed. Built low to the ground, and with small walls, it also makes the perfect first big-kid bed!

DIMENSIONS

950W x 1940D x 750H

MORE INFORMATION

Perfect for kids

This design is the perfect choice for kids bedrooms! We've made sure this bed is made to last throughout all the growth spurts, milestones, and bedtime stories that fill your little one's life.

Contemporary look

We scour Pinterest boards, Instagram feeds, and all the latest trends to find cutting edge contemporary looks and designs to supply to you and we believe this design captures all of the best bits of that research. This piece is modern and trendy, but timeless enough to suit your room for years to come.

Timber slats

Feel supported and comfortable all night long with this bed's inbuilt timber slats. Timber slats are flexible enough to allow for movement and adjustment while maintaining a firm support. In double or larger beds we add two separate sets of slats for either side. This allows for one side to adjust without affecting the whole bed, which means even if your partner is tossing and turning, you won't be!
