DIMENSIONS

1000W x 1940D x 1680H

MORE INFORMATION

Perfect for kids

This design is the perfect choice for kids bedrooms! We've made sure this bed is made to last throughout all the growth spurts, milestones, and bedtime stories that fill your little one's life.

Timber slats

Feel supported and comfortable all night long with this bed's inbuilt timber slats. Timber slats are flexible enough to allow for movement and adjustment while maintaining a firm support. In double or larger beds we add two separate sets of slats for either side. This allows for one side to adjust without affecting the whole bed, which means even if your partner is tossing and turning, you won't be!

Low bed design

This bed has been built with little ones in mind, hence the low bed design that makes hopping in and out of bed easy and hassle free.
