Matching product range available

Looking to complement this design with another? We've planned ahead for you. We offer a matching product range under the same name - give it a search and start mixing and matching!

Suitable for Outdoors

Powder-coated steel frame

Powder coating is a dry finishing process that adds a high quality and durable finish to the steel in this design.

Powder coating ensures that your new household addition will be protected and looking good for years to come.

Dining chairs not included, sold separately
