### Mountain ash timber

Harvested from one of the most massive trees in the entire world, mountain ash timber is a material to not look past.

Mountain ash is a light coloured timber with a beautiful straight grain, giving it a distinctly clean and neat look.

This timber is incredibly durable and makes for a great addition to any room.

### Upholstered seat pad

Nobody likes an uncomfy seat, so we've made sure this design is fitted with a plush seat pad to make sure you're sitting pretty (and comfortably) for years to come.

### No assembly required

Ditch the complicated assembly booklets and save your time because this design comes fully assembled!

### Wire brush finish

Wire brushing creates a subtle but smooth texture to timber or metal while keeping it pleasant to the touch. This process both adds a stylish textured effect to your piece as well as increasing the durability and masking any small scuffings.
