MORE INFORMATION

Creates an invisible shield to protect leather

This product applies directly to your furniture to create an invisible but sturdy shield against stains, marks, and scuffs to make cleaning your fabric ten times easier. This product also helps prevent irreversible damage, early aging of your leather, and general aesthetic wear and tear.

Protects original feel of your leather

What's the point of a leather protection product if it makes your leather feel greasy, rubbery, or just not like it's meant to? There is none! That's why this product ensures your leather will maintain its original feel before and after use while still protecting your furniture valiantly!

Formulated in Italy

Molto bene! This product is specially formulated for Guardsman in Italy by Fenice, a world leader in leather finishes. When in Rome, care for your leather as the Romans do.

Contains no oils

Some oils commonly used in leather care products can damage or discolour your leather over time and with repeated use. But this product doesn't take that gamble. You can use this care kit with the knowledge that its oil-free formula will just protect, not wreck.
