MORE INFORMATION

Beech timber & MDF construction

MDF stands for medium-density fibreboard which is a denser form of plywood but with a flatter, more stable, and silky-smooth feel to it. This paired with Beech timber, a beautiful finely textured timber, makes for the perfect pairing.

Pick your colour

Customise your furniture to suit your room, not the other way around. This design has multiple colours available so the choice is truly yours!

Contemporary look

We scour Pinterest boards, Instagram feeds, and all the latest trends to find cutting edge contemporary looks and designs to supply to you and we believe this design captures all of the best bits of that research. This piece is modern and trendy, but timeless enough to suit your room for years to come.

Pick your size

Fan of this design but not the size? Search the product name and you'll find size option/s available right now to suit your space!

Ideal for small spaces

This design is compact in width making it perfect for smaller spaces. But what it lacks in width, it well and truly makes up for in style.
