MORE INFORMATION

Mountain ash timber

Harvested from one of the most massive trees in the entire world, mountain ash timber is a material to not look past. Mountain ash is a light coloured timber with a beautiful straight grain, giving it a distinctly clean and neat look. This timber is incredibly durable and makes for a great addition to any room.

Contemporary look

We scour Pinterest boards, Instagram feeds, and all the latest trends to find cutting edge contemporary looks and designs to supply to you and we believe this design captures all of the best bits of that research. This piece is modern and trendy, but timeless enough to suit your room for years to come.

Wire brush finish

Wire brushing creates a subtle but smooth texture to timber or metal while keeping it pleasant to the touch. This process both adds a stylish textured effect to your piece as well as increasing the durability and masking any small scuffings.

Upholstered seat pad

Nobody likes an uncomfy seat, so we've made sure this design is fitted with a plush seat pad to make sure you're sitting pretty (and comfortably) for years to come.
